

ATTRACTIVE GOODS—M. GUTMAN & CO.

# ATTRACTIVE GOODS!

## COUPLED WITH Attractive Prices!

Is a combination usually irresistible. When we took stock January 1, we pushed profits aside and surrendered our store to the profit of our patrons. At every counter you stand before special values at special prices—that are passing privileges—quickly passing too. If you've delayed getting a Suit, or an Overcoat, until the prices went down, don't wait any longer; they are lower now than they have been for the last thirty years. We are able to make a bargain with you now, greatly to your own advantage.

### TRADES ASSEMBLY.

Meeting of the Local Labor Representatives Held Yesterday.

#### NEW DELEGATES WERE ADMITTED

And Obligated at Yesterday's Session. The Assembly to be Represented in the Lobby at Charleston—A Change in the Mine Inspecting Law Advocated—The Assembly Resolves Against the Finley Bankruptcy Bill Now Pending—An Emigration Bill Endorsed.

Yesterday afternoon the Ohio Valley Trades and Labor Assembly held a regular meeting, with a large attendance of delegates, at which President Riley presided and Secretary "Tom" Sautsbury at the desk. Quite a number of new delegates, as follows, were admitted and obligated:

Tobacco Workers' Union No. 87—John Campbell, John Neuman.  
Journymen Tailors' Union No. 181 of Stouboville—William Doopke, J. G. Lange, Ben Bohls.

Riverside Assembly No. 320, K. of L.—Christian Beck, Charles Nolte, Stacy Crawford.

Local Union No. 9, A. F. G. W. U.—George Schwanenberger.  
Liberty Assembly No. 2570, K. of L.—Joseph Deuse, Louis Paradise.

Chairman Farrell, of the West Virginia legislative committee, said the committee had been in correspondence with Delegate Abe Stamm on several matters of interest to workmen.

Delegate Robertson spoke of the Finley bill now before the legislature, which allows business men to prefer creditors, opening the way for the old practice of fraudulent assignments. He introduced the following resolution, which was passed with unanimity:

Resolved, That this assembly is opposed to any action by the legislature in the direction of permitting business houses or manufacturers to prefer creditors under any circumstances in case of bankruptcy or assignment.

The secretary was instructed to forward a copy of the resolution to Hon. Abe Stamm, to be presented before the legislature.

On the request of ex-President Dobler, now a United States emigration inspector, the assembly endorsed the Stone bill providing for a consular inspection of all emigrants whose destination is the United States.

The matter of the assembly being represented in the lobby at Charleston came up and the sentiment was that legislation in the interest of workmen can be pushed effectively if two delegates could be there during the remainder of the session. After considerable discussion Messrs. P. F. Farrell and Richard Robertson were appointed to go to Charleston. Before leaving they will confer with the assembly's legislative committee and secure their views on the measures that should be pushed during the present session.

Mr. J. C. Lucey was present, and asked the assembly to endorse his labor directory, which will be quite an extensive and complete work, giving the names and addresses of officers of all labor unions. The assembly was very much in favor of Mr. Lucey's idea, and strong resolutions, giving him its endorsement, were passed. This is the first labor directory endorsed by the assembly.

The miners' delegates brought to the attention of the assembly certain changes in the mine inspecting laws of the state which the assembly was also asked to advocate before the legislature. The change does away with the state inspector and provides for the state being cut up into four districts, with a district inspector for each, who must be a qualified civil engineer before appointment.

### WARRANTS FOR UNION MEN.

Growing Out of the Recent Troubles at the Buckeye Factory.

Warrants have been sworn out for the arrest of Carl Baker, Charles Otto and Brock Brown charging them with shooting with intent to kill. The four men are union glassworkers and reside in Martin's Ferry, all being single except Otto, and all of them are strikers. The affidavits were made out by Alex. Humphrey, manager of the Buckeye Glass Works, who was fired upon by four men while entering the works on last Monday morning on his return from Stouboville, where he spent Sunday with his mother. The men were seen on the streets of Martin's Ferry yesterday and will probably surrender themselves. The warrants were sworn out at St. Clairsville before Mayor W. S. Kennon.

A large number of persons have been subpoenaed to appear at the rehearing of the non-union glassworkers before the probate court at St. Clairsville this morning.

John Blankinsop and Ed. Jones, two glass workers, of Martin's Ferry, became involved in a quarrel on South Second street on Saturday night, during which Blankinsop pulled a revolver and fired three shots at Jones without effect. It is said that they have not been on good terms for some time. Both were arrested. There has been a warrant out for Jones for some time, charging him with breaking windows in the Hotel Windsor.

### Among the Ohio Farmers.

Hon. A. T. McKelvey, who has been lecturing to farmers' institutes throughout Ohio, reached Bellaire Sunday morning on his way home to St. Clairsville for a day or two. He has been in sixty of the eighty-eight counties of the state and finds as a rule that the farmers are comfortably fixed and have little to complain of as compared with men in other callings during the past two years. Yet, notwithstanding this fact, there is a feeling of discontent among them; in some sections it is worse than others. The communities that market their product in manufacturing towns are worst in this respect. They have seen their idle mon, their consumers have been short of cash, their products have sold low and they at once jump to the conclusion that there is not enough money in the country. In some localities this idea has run riot, while in others a more intelligent view is taken of the general depression that has prevailed. Mr. McKelvey is one of the most intelligent farmers of Belmont county and enjoys his lecturing tours in company with General Hurst and others, all under the auspices of the state-board of agriculture.
